Objective

Entry-level Java Developer with PG-DAC training and a Bachelor's degree in Computer Science. Strong knowledge of Java, Spring Boot, REST APIs, MySQL, and full-stack web development. Experienced in building secure role-based applications and database-driven systems. Passionate about backend development and problem solving.

Skills

Programming Languages: Java, C++, JavaScript

Backend Technologies: Spring Boot, Spring Data JPA, Hibernate, RESTful APIs

Frontend Technologies: HTML, CSS, JavaScript, Bootstrap, Thymeleaf

Database: MySQL

Tools: Git, GitHub

Projects

OrderHub Campus – Canteen Management System

1

- **Tech Stack:** Java, Spring Boot, HTML, CSS, JavaScript, Bootstrap, MySQL
- Developed a role-based smart canteen management web application with Admin, Staff, and Customer modules.
- Implemented secure authentication, menu management, order processing, inventory tracking, and analytics.
- Integrated frontend with backend REST APIs and ensured real-time database synchronization.
- Focused on frontend development, database design, and seamless system integration.

Burger Shop Website

- **Tech Stack:** HTML, CSS, JavaScript, Bootstrap, Node.js, Express.js
- Developed a full-stack burger ordering website allowing users to browse menu items and place orders.
- Implemented dynamic UI updates, pricing logic, and responsive design for smooth user experience.
- Built backend services using Node.js and Express to handle order processing and requests.
- Solo project: handled frontend design, backend logic, and application flow end-to-end.

Banking System – .NET MVC Application

- **Tech Stack:** C#, .NET MVC, Razor Views
- Developed a banking system enabling account creation with initial balance, deposit, and withdrawal operations.
- Implemented MVC architecture with clear separation of Models, Views, and Controllers.
- Designed backend business logic for transaction handling and balance validation.
- Implemented authentication, input validation, and secure user workflows.

Education

PG-DAC (Post Graduate Diploma in Advanced Computing)

1

Yashwantrao Chavan Centre, CDAC

Mumbai

Score: 60.25%

Bachelor of Engineering (B.E.)

1

Dr. Babasaheb Ambedkar Marathwada University

CGPA: 6.84

Higher Secondary Certificate (HSC)
